

Stadium Evacuation Procedure

In the event of an emergency at St Mirren Football Club, spectators should remain in their positions and listen carefully to the loud speaker announcements that will be made.

The announcements may direct spectators in a specified area of the ground to evacuation points which may be the exit doors at the rear of the stand or emergency gates at the front of the stand which lead on to the pitch.

Our PA system operates on a 'zoned' basis so do not worry if you cannot hear certain broadcasts too clearly. In such cases, the information will not appertain to your section of the stadium.

Stewards, officials and Police Officers will direct spectators to the relevant points.

Specific plans with attendant procedures are in place for disabled spectators

If spectators are requested to vacate a specified area, they are asked to do so calmly and quickly to assist with a safe evacuation.

All spectators should then make their way towards the stadium car park situated at the west side of the stadium. Main Stand patrons should use Greenhill Road (north) and Ferguslie Park Avenue (west). Other stand patrons should use stadium access routes to proceed westward to the stadium car park.
